much myself never only own pick seven shall	
	I shall pick up those toys by myself.
	Never let a kind boy run away from you.
	I only laugh at myself when I am funny.
	I may grow my own and pick it myself.
	Take three and put in four to get seven.
	His work is done, so he will never come again.
	How much can you pick before you must go?
	I only own seven round yellow balls.
